

## Some teaching methods/strategies:

### Teaching Method:

*The vehicle for the learning*

*The process for the learning*

*The way the learning is introduced/facilitated/reinforced*

*(As opposed to the actual information or skill or technique being learnt.)*

Action methods (getting the students to 'do' and discover for themselves)

Analogies

Analysing

Being in role

Brainstorm

Circle game

Demonstrations

Describing

Discussions

Explaining

Fact finding

Feedback/feedforward

Games of all sorts

Goal setting

Mind mapping of all kinds

Modelling

Pairing or triads

Puzzles

Questioning

Quizzes

Recapping

Reflecting

Relay games

Role play

Side coaching

Small groups – various sizes

Speaking in a range of contexts

Solution finding

Storytelling

Team games

Think – pair – share

And lots more. . . . .

### Catering for different learning styles:

Verbal: (listening, creating, and labelling, listing, telling/retelling)

Interpersonal: (discussing, dialoguing, responding, questioning, clarifying, affirming)

Visual: (Observing, diagramming, depicting and showing)
